

BECKEMEYER REVEALS WHOLE BRIBERY PLOT

CONFESSION MADE BY ASSEMBLYMAN

Sensational Statement Is
Said to Disclose the In-
ner Workings of the
Whole Affair

NEW DRAG NET IS READY

Prosecutor Burke will Drop
All Else to Put "Jack-
pot" in Center of
the Stage

SPRINGFIELD, Ill., June 2.—Representative H. J. C. Beckemeyer, who made confession No. 2 in Chicago, that he received \$1,000 for his vote for Lorimer and \$900 from the jack pot, has prepared a sensational confession for the Sangamon county grand jury that is said by State Attorney Burke to lay bare the entire inner operation of the jack pot syndicate, names those who contributed to it, what bills were affected who handled the money and who shared in its distribution.

As a result of Beckemeyer's sweeping statement, a general dragnet will be thrown out over the state summoning in the members of the jack pot brigade whom Beckemeyer has named.

The confession has been dictated by Beckemeyer and taken down on typewriter and will be related in detail before the grand jury this afternoon. So important and startling are his revelations that Mr. Burke has decided to drop for the time being all other matters and place the jack pot in the center of the stage. The new subpoenas will be issued as soon as they can be prepared. Beckemeyer has named a large number of legislators and it is said takes the prosecutor to the very lair of the men "higher up."

SPRINGFIELD, Ill., June 2.—That some of the jack pot handlers held out on the "boys" and did not make an equitable division of all the spoils of the last general assembly developed today in the Sangamon county grand jury where Lorimer bribery and general corruption are under inquiry.

Representative H. J. C. Beckemeyer who made confession number two in Chicago is here and this morning dictated a written statement to State Attorney Burke shedding new light on the disposition of the \$3,190 paid by fishing interests along the Illinois river to kill the fish bill fathered by the state commission. It is said this money did not get into the jack pot. Beckemeyer was a member of the committee where the bill was smothered. A. M. Foster, who was its chairman, is expected today. Beckemeyer's confession on this matter is held in confidence by Burke for future use but it is admitted to be of the greatest value. Beckemeyer goes before the grand jury this afternoon to repeat the story he told the Cook county grand jury some time ago. Mr. Burke has made an engagement to meet Gov. Deneen this afternoon at the latter's office.

Foster to Tell All
PEORIA, Ill., June 2.—The statement accredited by the Herald Transcript this morning to Representative A. M. Foster of Rushville, who passed through this city last night enroute to Springfield to testify in the Lorimer investigation, follows:

"I intend to tell the grand jury exactly what I know of the Lorimer election and of the fish bill. I will answer every question to the best of my ability. Of one thing I am sure—the statements in Chicago newspapers with regard to the use of money and influence in the alleged slaughter of the fish bill is far from correct."

WRIGHTS MAY TRY FOR THE PRIZES

DAYTON, Ohio, June 2.—"An aeroplane flight from New York to St. Louis or to Chicago is entirely possible," declared Orville Wright to a group of newspapermen in New York, Chicago and St. Louis.

"As to whether my brother and myself will enter into competition for such prizes, we may do so, but cannot say at this time or until we learn all the conditions. We have been too busy with experiments and filling orders to spend any time in such contests."

OFF TO SOUTH POLE

LONDON, June 2.—The steamer Terra Nova, Captain Robert McCormick, sailed from West India docks bound for the south pole. An elaborate ceremony was to have marked the explorer's departure but was abandoned owing to King Edward's death. The Terra Nova will sail first to New Zealand whence a start will be made for Antarctic waters in November. The real dash for the pole will start in October, 1911.

AMERICA AT LAST IS AVIATION MAD

Total of \$210,000 Is Hung
Up in Prizes for Dar-
ing and Plucky
Aviators

WRIGHTS AND PAULHAN BUSY

These Leaders and Glenn
Curtiss Expected to
Compete for Rich
Stakes

- Prizes for aeroplane flights in America and abroad.
- \$40,000 for triangular flight from Indianapolis to St. Louis, to Chicago to Indianapolis, to be offered by aero clubs of the three cities and the towns to be included in the course.
- \$30,000 for flight from New York to St. Louis or vice versa, offered by New York World and St. Louis Post-Dispatch.
- \$25,000 for New York to Chicago flight offered by New York Times and Chicago Post.
- \$20,000 for flight from New York to Washington to be offered by the Washington chamber of commerce.
- \$10,000 for St. Louis to Kansas City flight to be offered by Missouri citizens.
- \$5,000 for flight from Indianapolis to Chicago offered by an Indianapolis manufacturing concern.
- \$40,000 for flight from Paris to Brussels, offered by the Aero Club of France.
- \$20,000 for flight from Paris to Clermont-Ferrand offered by M. Michelin.
- \$20,000 for miscellaneous smaller flights.
- Total \$210,000 in prizes now standing or to be put up within a few days.

NEW YORK, June 2.—Aviation prizes totaling \$210,000 are either now standing or are about to be put up. Today's dispatches show several notable additions to the rich rewards recently offered for aerial conquests and if the craze keeps up a few days longer it is probable that today's total will be largely increased.

That the possibilities of the aeroplane are practically unlimited is shown by tentative conditions that surround some of the prizes. The longest route proposed is that from New York to St. Louis or from St. Louis to New York though this does not appeal to the imagination any more than the proposed triangular flight from Indianapolis to St. Louis to Chicago and thence back to Indianapolis, a distance of 1,650 miles for which it is proposed to raise a purse of \$40,000.

Wrights are Aroused
These rich prizes are arousing as great enthusiasm for aviation in this country as has been manifested in France, where aeroplanes are almost as common as automobiles.

Even the Wright brothers who heretofore have held aloof from contests, indicate a desire to enter for the flight between New York and St. Louis. Glenn Curtiss, winner of the \$10,000 Albany to New York prize Sunday, will try for several of the new prizes, as will J. K. Mars, Clifford Harmon, C. K. Hamilton, C. F. Willard and others who have already won renown as aviators.

Money Placates Louie
Louis Paulhan, who has more daring achievements to his credit than any other aviator, with the possible exception of Glenn Curtiss, may bring over his Farnam biplane, which he won the \$50,000 for his flight from London to Manchester and go after some of the big stakes on this side. Paulhan was so disgusted with his recent trip to this country that he announced he had enough of America, but the latest word from France is that the size of the American purses appeal to him.

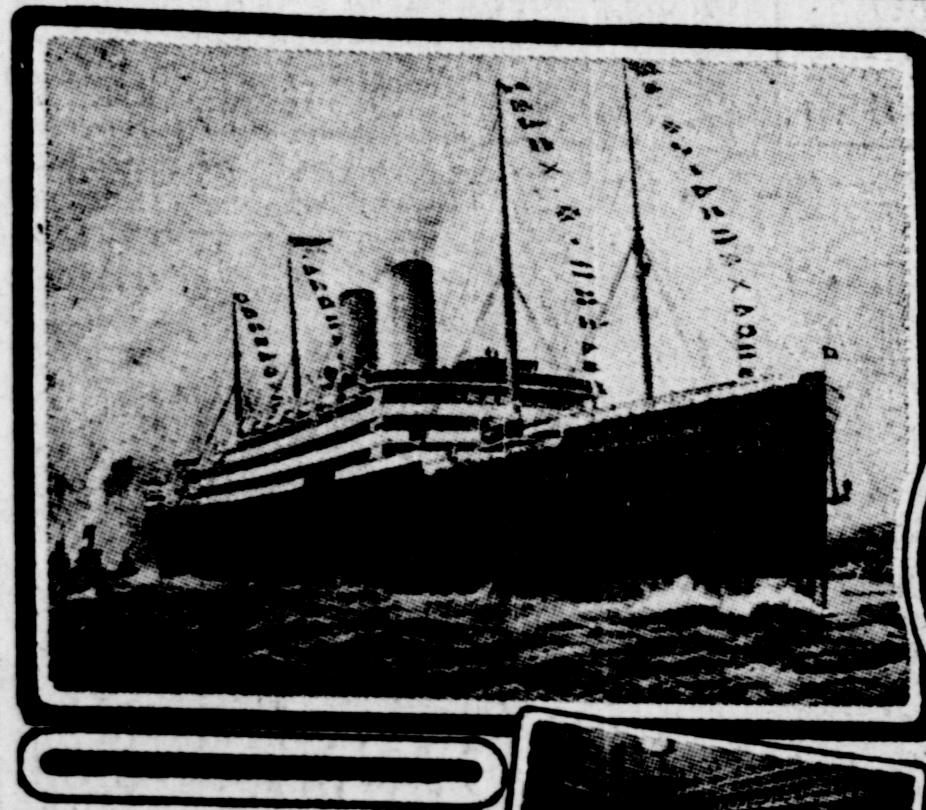

The terms agreed upon for the New York to Chicago flight provide that the trip shall be made in 72 hours, the contestants to have as many stops as desired. The same pilot must remain in charge throughout the flight. The flight must be made between August 1 and November 1.

The Wrights have indicated that a week should be allowed for the New York-St. Louis flight with at least six stops permitted.

New York to Washington
WASHINGTON, D. C., June 2.—The aero craze has Washington in its grip today. The local chamber of commerce began active work today raising funds for a proposed flight from the "metropolis" to the "capitol." The board of directors appointed a committee to work with the Washington Aero club to make up a purse of \$20,000 to be offered as a prize.

TRUST SWINDLES THE GROWERS TOO

Witness Admits H. O.
Havemeyer Ordered Him
to Falsify Polaris-
copic Tests

NEW YORK, June 2.—That the sugar trust was founded in fraud in which not only the government of the United States but the growers of sugar in Cuba, Java and India suffered, was the deduction drawn today from Ernest W. Gerbracht, former superintendent of the Williamsburg refinery of the American Sugar Refining company on trial for defrauding the government of custom duties.

"I was ordered by the late H. O. Havemeyer to falsify polariscopic tests of sugar, so that we would have to pay less to the sugar grower," said Gerbracht, as he writhed before the merciless cross examination of Special Assistant Attorney General Henry L. Stimson today.

That the sugar trust had robbed the government of great sums in duties has been proved and the trust has made money restitution. But that the trust had robbed the men with whom it did business and from whom it purchased raw sugar was a new development.

Sugar is purchased from the sugar planters on weight and grade, the lower the grade the less paid by the trust. To cheat the owner of the sugar by underweighing was not as easy as cheating the government by underweighing, for the owners usually had men to check against the company weighers. So a new scheme, that of reducing the grade of the sugar by frauds, was devised, according to Gerbracht.

The grade of sugar is determined by a polariscopic test. The angle of refraction of light through a solution of sugar shows the grade of the sugar.

"I was ordered by the late H. O. Havemeyer to make these polariscopic tests as low as possible," said Gerbracht. "If we made the tests show that the sugar was of a low grade, we got it that much cheaper."

Gerbracht was forced to admit that this falsification of tests went as far as the Wall street headquarters of the sugar trust.

"We took the polariscopic tests at the refinery and another test was made at the Wall street offices. We made the refinery tests as low as possible, but often the tests made in the Wall street offices were lower than the ones we had made. If such happened to be the case, we were notified by the Wall street offices and forced to make our own figures lower it."

The merchants who sold the sugar had to take their pay on the lowest tests.

MADRIZ DEFEAT IS ALMOST COMPLETE

BLUEFIELDS, Via Wireless to Colon, June 2.—Spies returning to Bluefields from the south coast today by schooner say that the retreat of the Madriz army led by General Lara has developed into a complete rout. Lara's columns are broken, the men are dropping out in the swamps and the route of the retreat is marked by a trail of dead and wounded. Lara is endeavoring to reach Greytown or Monkey Point, probably the latter as it is known that the cruiser Venus has started for that point, where it is believed she will take the crippled forces aboard and escape further fighting with the Estrada army. The Estrada victory is by no means complete.

The Americans who operated the machine guns during the siege of Bluefields are given full credit for the Estrada victory and were showered with honors during the celebrations of the final defeat of Madriz.

EASTERN ROADS PLAN INCREASE

Notice Is Filed Today of
Advance of from 6 to 31
Per Cent of Freight
Hauls

WASHINGTON, D. C., June 2.—Twenty-two railroads comprising the central freight association, operating in the territory between Cincinnati, Louisville and Chicago, today filed with the interstate commerce commission new tariffs which will increase transportation charges from 6 to 31 per cent. These increases are to go into effect July 1.

Increased commodity rates were also filed today, effective July 5 by the New York Central, the West Shore of the same road, and by the Delaware, Lackawanna and Western railroad. In the case of the central freight association the roads are acting jointly. The eastern railroads filed their tariffs separately.

May Withdraw It
Some of the commodities affected by the tariffs today increasing the rates from Chicago to Indianapolis are: oil nine per cent raise, except tar oil, which is increased 31 per cent; asphalt and cement, 12 1-2 per cent; beet pulp, 15 per cent and turpentine, 9 per cent.

When the La Follette resolution declaring it to be the sense of the senate that the attorney general enjoin the western trunk line railroads from advancing rates came up automatically in the senate today, La Follette was not present.

The impression is that La Follette will withdraw the resolution in view of the action already taken by the attorney general.

Taft's Attitude
Some comment has been made upon the action of the attorney general in proceeding against the traffic associations which make agreements of rates for the railroads composing their membership because President Taft and his advisers here before have held that such agreements should be legalized were, in fact, necessary for the business interests of the country.

It is pointed out, however, that in the case of the western traffic association the proposed increases were not only alleged to be exorbitant but there was an apparent effort upon the part of the roads to keep any knowledge of them from the shippers until it was too late to take action. At the principal shipping centers of the middle west, such as Omaha, St. Louis, St. Joseph, Kansas City, etc., it was impossible to procure copies of the new tariffs through the usual agencies until near the middle of May.

GOVERNOR TAKES UP HEIDEN CASE

MADISON, Wis., June 2.—(Special.)—Hearing was set this afternoon before Governor Davidson in the matter of application for pardon for Fred Selden Heiden, Jr., of Milwaukee. The governor took under advisement. Heiden was superintendent of the Milwaukee House of Correction and convicted of embezzlement while administering the affairs of that institution. He is serving a one year term there. It is represented that the prisoner's family needs him; that he has been sufficiently punished, and that in the commission of the offense he was the victim of circumstances.

CONNERS RETIRES FROM CHAIRMANSHIP

NEW YORK, June 2.—Wm. J. Conners today retired as chairman of the democratic state committee in session here and was succeeded by John A. Dix of Washington county. Conners' retirement followed a long and bitter fight between himself and Charles F. Murphy, the leader of Tammany hall, New York. Conners' retirement, it is said, has unified the party in New York state and the committee today declared they are sure of victory in the fall convention.

RATE INJUNCTION FIRST OF SERIES

Government Believed to Be
Planning Campaign on
Rate Increases An-
nounced

OTHER COMPLAINTS SOUGHT

Wickersham Says He Can-
not Proceed without
Complaint, but Hints
He will Then

WASHINGTON, D. C., June 2.—The action of the attorney general in the restraining of 25 railroads of western trunk line associations from putting into effect increases in rates the first of this month is believed here today to be only the beginning of a far-reaching and general campaign.

The Omaha committee on whose complaint the attorney general acted, confined its protests to the proposed increase in rates to Missouri river points.

But the shippers of the middle west are almost as greatly interested in the higher tariffs which went into effect yesterday on all roads going out of Chicago to St. Paul and which range from 10 to 30 per cent. Apparently the Omaha committee was uninformed as to these proposed increases which were filed with the interstate commerce commission a month ago.

When the attention of the attorney general was called to them today he said he could not take action because there had been no complaints filed against them. Some such protests are expected.

Vigorous complaints are also expected from the thousands of commuters who travel daily between points in New England and New Jersey, and whose monthly tickets soon will be increased in cost anywhere from \$2 to \$5.

MARRIAGE WITHOUT LOVE IS DENOUNCED

PHILADELPHIA, Pa., June 2.—Marriage without love is almost criminal in the eyes of President Taft, as he outlined his views of woman's sphere before the graduates of Bryn Mawr college today.

"I dissent from the view that a college of academic education unfits a man or woman for business," he declared emphatically.

"It may be that the tastes that lead persons to seek academic educations are not those which insure business success, but that the mental discipline, the power of reasoning, the cultivation and comparison of ideas, are not of assistance in business transactions in which the highest qualities of the mind are in action, can hardly be true."

"The home and the family are the nucleus of the highest happiness, but if circumstances are such as to force women to accept husbands whom they do not respect and love, and whom they would not marry but to escape a life of poverty, the home and the family are not likely to be a model or to furnish an ideal."

POPE PIUS IS 75 TODAY AND HEALTHY

ROME, June 2.—Pope Pius X. is 75 years old today and the anniversary is being celebrated with unusual enthusiasm. A constant stream of clericals and diplomats is calling at the vatican to offer congratulations, while thousands of messages are being received from all over the world. The pope is enjoying the best health in years and he was able to receive in person today many of those who called.

Pius X. (Giuseppe Sarto) was born in Riese June 2, 1835. He was elected pope on August 4, 1903.

STANDARD TIRES OF ITS OWN INSURANCE

MADISON, Wis., June 2.—(Special.)—Standard Oil company today advised Insurance Commissioner Beedle it carries no insurance whatsoever upon its large properties in Wisconsin or elsewhere, demand was made by Beedle for information from all companies writing policies insurance upon Wisconsin property of oil trust and reply indicates that the trust finds it profitable to assume its own risks rather than pay heavy premium rates that would be charged for such property.

SAYS JOHNSON IS PAID TO LAY DOWN

Governor Gillette of Cali-

a Fake

BLACK DOESN'T DARE WIN

Official Says White Man
will "Vindicate" the
Race and Black
Gets Money

CHICAGO, June 2.—"All prize fights are fakes. I don't want to have anything to do with them or with anybody who has an interest in them."

Gov. J. N. Gillette of California thus expressed his opinion of ring contests to the United Press when questioned about an interview in which he had declared the Jeffries-Johnson fight is a "frame up." Gov. Gillette denominated fistie encounters for prize money as "hippodromes to fool the fools." He also criticized the American public for taking "more interest in prize fights than in national questions."

The governor said he would gladly stop the coming battle for the world's championship, if he could, but "that all sorts of frauds are allowed and nobody has the power to stop them."

"Sometimes a man's public views do not agree with his private attitude," added the governor. "Now that my private views have become public I don't care a continental what anybody thinks about them. I know what I think. I think that every prize fight is a fake."

Black to Lay Down
"This Jeffries-Johnson fight is simply a scheme to make a lot of money out of the credulity of the public. Anybody with the least sense knows the whites of this country won't allow Johnson or any other nigger to win the world's championship from Jeffries. They simply won't stand for it. Johnson knows that. He's no fool. He knows that to win that fight he would have to whip every white man at the ring side. So he has agreed to lay down for the money. Why, he would no more think of trying to knock Jeffries out than he would of trying to stop a bolt of lightning. Not that he might not be able to do it. But he knows he would not only have to whip Jeffries but the spectators, the police and every white man that could get at him."

For Cerebulous Fools
"When the big championship battle is ended on July 4, every white man in this country will be told that a white man has demonstrated the physical superiority of his race over that of a rival race and everyone who has no sense will rejoice in the 'victory.' After vindicating the confidence in him, Jeffries will re-

WISCONSIN NEWS

REACH OUT FOR 1912 CONVENTION

Aldrich-Philipp Plot Aims to Wrest Control of Wisconsin Republicans from Majority

MILWAUKEE, Wis., June 2.—One cat has got out of the Wisconsin Aldrich Republican bag. There have been hints ever since the "Taft" republican convention movement was launched in Milwaukee ten days ago about naming a central committee, distributed over the state, which should be authorized to call a convention in 1912, or at any other time when such action in their judgment might seem to be advisable. While some emphasis was placed upon this plan by those on the outside, who did not see just what the purpose might be.

Now comes the story from an authoritative source that the Aldrich Republican plot is a deep one, which may be fraught with far-reaching consequences to the Republican party of Wisconsin.

For National Convention

The plan appears to be to base the whole movement on party regularity. This means that no other party designation than "Republican" will be taken for the new organization, according to this late information. While a mighty effort will be made to control the senatorship and state ticket, the big thing is still beyond—to go to the national Republican convention with a delegation of Aldrich Republicans and there gain admission as the Regular Republican delegation from Wisconsin. With the Aldrich-Cannon breed of Republicans controlling the convention, this will be an easy matter, and then they would be in a position to discipline anybody in Wisconsin who under the name of republican threatened to take any action opposed to them. The Philipp organization would be the "Republican" authority in Wisconsin, holding the certificate of the national convention.

In 1904 the Aldrich Republican delegation from Wisconsin was given Wisconsin's place in the national convention, but the supreme court decision put a heavy handicap upon them, and President Roosevelt was not as pliable as had been expected, after he had favored them at Chicago. Now they say they can count upon President Taft to fight for them to the last ditch.

Progressives Two to One

It will be recollected that in 1904, despite the failure of the La Follette Progressives to get recognition in the national convention, they thrived, won the senatorship, the state offices, practically the whole of the next national convention delegation, and outnumbered the other fellows in votes practically two to one.

WHITEHEAD BACK OF DAVIDSON PLAN

MILWAUKEE, Wis., June 2.—In connection with the prediction that the conference of "Taft" republicans in Milwaukee next Wednesday will result in sidetracking State Senator Fairchild as a gubernatorial candidate, perhaps by choosing him to make the run for lieutenant governor, and in placing the "new" movement behind Gov. Davidson for re-nomination, it is added that "Taft" republicans of Dane county are determined to support Davidson for re-nomination and one of their leaders is quoted as declaring that sentiment for Davidson is strong in other sections of the state, particularly in Rock county. It is significant that State Senator Whitehead, who has never viewed Fairchild's candidacy with favor, is the leader of the "Taft" republicans in Rock county and that part of the state.

HENNING MAY HEAD STATE FORESTERS

EAU CLAIRE, Wis., June 2.—Eau Claire welcomed the high court of Wisconsin, Independent Order of Foresters, in biennial convention in an address by Mayor J. B. Fleming. Nearly 300 delegates are present for the two days' meeting.

A response to Mayor Fleming was made by Vice High Chief E. J. Henning, Milwaukee, in which he took occasion to touch upon the government of the socialists in the Cream city and declared the commission form of government one of the best in his belief.

Henning is the most likely aspirant to the office of high chief ranger for the ensuing year.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Extra Copies Not Included

I, Frank H. Burgess, business man-
ager of the La Crosse Tribune, do
solemnly swear that the actual num-
ber of copies of the paper named,
printed and circulated during the
month of May, 1910, was as above
stated.

Subscribed and sworn to before me
this thirty-first day of May, 1910.

Notary Public.

MASTER THE BALLOT.

The Tribune again takes the lib-
erty of urging men who have to do
with elections in any capacity, either
as election officials, county or city
officers or candidates, to attend to-
night's meeting of the Civic Center
Society at Washington school and
listen to Moncena Dunn's explanation
of the use of the new coupon ballot.

We also believe the suggestion
that educators attend is worth rep-
etition. This ballot needs far less ex-
planation than would the ballot that
has been in use, were that ballot
new. But the coupon ballot is a com-
ing institution, and it is the duty of

public men to comprehend it, and
to pass the information along. No
man of ordinary intelligence can
listen to Mr. Dunn's lucid explana-
tion of this simple and sure ballot
without fully understanding it. The
meeting tonight is for everybody,
and we hope the voters will take ad-
vantage of the opportunity to master
the ballot in advance of election day.

DIDN'T SEE THE JOKER

"If the president of the United
States should come into the state of
Wisconsin and urge the people in a
general election not to elect this
man to congress, to nominate this
man for congress, and pass from
state to state, and state to state,
with all the power and patronage be-
hind him, what would be thought of
it, what ought to be thought of it? It
would not be tolerated for one mo-
ment; it would light the torch of revo-
lution; it would explode the mine
which would destroy, unless resisted,
the republican party. Why? Because
if you allow the executive to choose
the legislature you make two de-
partments where the framers of the
government made three. You unite
in one the legislative and the execu-
tive and you have, what?"

"You have a one-man power that
hundreds of thousands of citizens of
Wisconsin came across the sea, left
the homes of their childhood, to
escape. I don't say this for politics.
I say it for citizenship. I speak for
the perpetuity of representative gov-
ernment; not in some detail, but in
its heart, and soul, and life."

Recently the Milwaukee Journal
published the above in its editorial
column. Then it waited, while its ed-
itor grinned in anticipation of the
onslaught.

It came. The stalwart press belch-
ed fire at this criticism of President
Taft, for that is what they were in-
tended to take it for, and what they
did take it for. And after letting
them "go as far as they liked," the
Journal came back with the informa-
tion that it wasn't an editorial at all,
that it was AN EXTRACT FROM A
SPEECH DELIVERED IN THE
UNITED STATES SENATE OCT. 5,
1905, BY JOHN C. SPOONER.

The pith of the thing lies in the
fact that, following his celebrated
and ill-fated expedition into "Jim"
Tawney's district upon the occasion
of his unfortunate "Winona speech,"
President Taft recently wrote a letter
urging the re-election of another no-
torious Aldrich representative from
Iowa, thus again indulging in con-
duct such as that which Senator
Spooner said would "light the torch
of revolution." The Smith letter
follows:

"White House, Washington, D. C.
May 11.—My Dear General: I am
in receipt of your letter in which
you inclose a letter that you have
addressed to the soldiers of the
Ninth district in behalf of the no-
mination of Walter L. Smith for con-
gress, and note your request to me
to confirm the statements that you
make in respect to Smith's connec-
tion with the inscriptions on the
Shiloh monuments and Smith's ef-
forts in behalf of the placing of
Gen. Grant's statue."

"I know Smith well and know a
great many more backs to congress
than those of the ablest and one of
the strongest lawyers and debaters
on the floor. But as you invoke
my personal testimony in respect to
certain facts in your letter I do
not hesitate to say that Smith's con-
nection with the securing of the in-
scriptions which are now on the
Shiloh monuments was direct and
close."

"WILLIAM H. TAFT.
Gen. Grenville M. Dodge, Council
Bluffs, Ia."

A significant fact in relation to
Smith which is interesting in the
light it throws upon the relative
attitudes of Taft and Roosevelt, is
furnished in the following comment

with which The Journal closes the
incident:

"It is not material to the discus-
sion upon which we have entered
that Mr. Smith is the identical Mr.
Smith that Roosevelt execrated in
his charge that congress had sought
to shield criminals, Smith having
been placed under the Roosevelt
ban we believe for his close associa-
tion with citizens charged with
frauds upon the public domain. The
Taft indorsement of the Iowa re-
presentative and the expression of
the executive wish that he should
'come back to congress' are signifi-
cant in that they give emphasis to
a policy that is being pursued in
every state in the union in which
insurgency is rife."

There are not many Wisconsin
congressmen of whom the president
will say that he would "like to have
them come back to congress," but
there are many to prevent whom
'coming back to congress' the in-
fluence of his name will be lent.
But they'll all go back.

The Outcasts are hitting the ball,
which is the best sign in the long
run. Perhaps there is a weak spot
that needs patching up somewhere.
If so, the thing to do is to patch it
now. A losing streak in baseball is
not a sure sign of incompetence. A
lucky "scratch hit" by the oppo-
nents, a bad bound, failure to bunch
hits or bunching of hits by the
other team—these are but a few of
the many things Dame Fortune may
use to throw games that, on their
merits, ought to have been won.
When the boys come home, let's all
attend the games and help pull the
team back into the first division.

Why doesn't some enterprising ad-
vertiser offer as a premium a pair
of ear muffers with every straw
hat?

A Plain That Failed
He was a doctor, and was pa-
tiently waiting for his first patient.
Thought he: "If the mountain will
not come to Mohammed, Mohammed
must go to the mountain. And as
patients will not seek me out I must
seek them out." He strolled
through the cheap market and pre-
sently saw a man buy six nice cuc-
umbers. "Here's a chance," said
he, and followed him home. Pa-
tiently he waited for four long and
lonely hours and about midnight the
front door quickly opened, and the
man washed down the steps. He
seized him by the arm and cried ear-
nestly: "Do you want a doctor?"
"No!" replied the man roughly.
"Want more cucumbers?"—Argon-
aut.

best policy," doesn't he, mamma?
Mamma—Yes, dear.
Bobbie—Well, how does he know?

Health and Beauty Hints

BY MRS. MAE MARTYN.

O. M. A.: You can easily stop
your hair from coming out by the
comb if you will use about twice a
week a quinine tonic that you can
make yourself by dissolving an ounce
of quinine in one-half pint of alcohol,
adding an equal quantity of cold
water. This tonic will destroy the
dandruff germs in the hair roots,
and put your hair and scalp in a
healthy condition. I have no faith in
any of the ready-prepared tonics, as
none of them seems to do what is
claimed for them. But if you will use
the one I recommend, you will soon
be no longer bothered with scalp and
hair troubles. It is excellent for brittle
or excessively oily hair, and is the
best remedy I know for prevent-
ing premature baldness.

T. M. B.: You will find a face lo-
tion made with spumax much better
to use than any powder, particularly
during the warmer weather. Dissolve
four ounces of spumax in a half
pint of hot water, and add two tea-
spoonfuls of glycerine. Spumax is
a dainty complexion beautifier. It
will whiten and soften the skin, and
give a youthful appearance when ap-
plied to the face, neck and arms.
It does not rub off or show like
powder, and is a splendid protection
against freckles, tan and sunburn.
This inexpensive lotion will tone up
your complexion to a wonderfully
pleasing extent, and relieve you of
that shiny, greasy look.

Mrs. Kate G.: You need not worry
about your excess flesh at the ap-
proach of warm weather, as you can
readily reduce your weight without
dieting. Simply dissolve four ounces
of parnotin in 1½ pints warm water,
and take a tablespoonful before each
meal. This remedy reduces flesh rap-
idly and is perfectly harmless. It
leaves the flesh firm and free from
flabbiness. I know of many cases
where a few weeks' treatment has
restored many an overly fat person to
a comfortable weight.

R. B. W.: Simply because your
eyes tire easily and readily become
inflamed is no proof that you need
to wear glasses. Try dropping in each
eye two or three times a day a few
drops of a tonic made by dissolving
an ounce of erycote in a half pint
of water. This eye tonic is wonder-
fully strengthening, and very highly
recommended for red, inflamed,
weak or dull eyes. This simple rem-
edy is endorsed and used by many
eye specialists, and is fine for treat-
ing granulated eyelids. It will prove
very soothing and restful to weak,
overworked eyes.

C. R. B.: To make a good, grease-
less complexion cream that will
smooth and soften your rough skin
and clear it of those pimples and

Dressing Your Hair For the Evening

(From Style and Fashion Magazine)
Frequently, after the day's work
or pleasure, there is little time to
dress the hair for the evening. For
occasions like this, it is well to be
prepared with the ever-ready and
convenient dry shampoo.

A most excellent shampoo is
made by mixing four ounces of ther-
iac with four ounces of orris root.
Keep some of this in an old talcum
box with sifter top, so that you can
sprinkle it thinly and evenly through-
out the hair. Brush the hair thor-
oughly and a clean scalp and beautiful
lustrous hair can be achieved in less
than twenty minutes.

"Nothing is so good as this mix-
ture to quickly remove the day's
dust. It should be remembered,
too, that much water is not good
for the hair and frequent washing
takes out the life and color."

The System
When'er a fault is found today
In any avocation,
Each critic's able to display
A ready explanation.

Some of our actors rant or leer:
Of yore they would have hissed
'em.
But they are not to blame, you'll
hear.

The trouble's with the system.
When fortunes to vast sums extend
And financiers with pleasure
Greet one who tells them how to
spend.

Their superabundant treasure,
Don't utter a resentment free.
Nor with the sinners list 'em.
Excessive gain is due, you see.
Entirely to the system.

No longer need logicians ply
Their studied eloquence.
Each problem is disposed of by
This ready-made solution.

E'en weather prophets incorrect
Smile till you can't resist 'em
And calmly say that the defect
Is in the solar system.

Measures His Man
"I can't say I've never told a lie."
"Say the rest of it."
"But I never tell a man a bigger
lie than I think he'll believe."—Pitts-
burg Post.

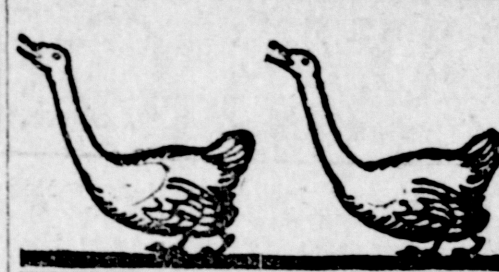

Why He Hurried Away
A quiet, bashful sort of a young
fellow was making a call on a Cap-
itol Hill girl one evening not so very
long ago, when her father came into
the parlor with his watch in his hand.
It was about 9:30 o'clock. At the mo-
ment the young man was standing on
a chair straightening a picture over
the piano. The girl had asked him to

blackheads, mix together an ounce
of almozoin, two teaspoonfuls gly-
cerine and one-half pint cold water.
Stir and let stand a few hours.
Then apply freely. This cream jelly
will remove all dirt and oil from
the pores of your skin. I find it
splendid for reducing the size of
large pores, removing wrinkles and
correcting flabbiness. Its continued
use will do wonders in making one's
complexion plump and velvety. I
use nothing else for massage pur-
poses.

Mrs. C. L.: Although your hair
seems rather scant, you can make
it look beautiful and not show any
evidence of thinness if you will
shampoo it every two weeks with a
teaspoonful of cantrox dissolved in
a cup of hot water. This will be
none too often, as this is a very safe,
reliable shampoo. It will cleanse
your scalp as nothing else will; it
dries very quickly and will soften
and fluff up your hair until there
will seem to be twice as much of it.
Try this shampoo a few times, and
very likely you will no longer need
to wear false hair; it will stop all ir-
ritation, remove the dandruff and
restore your scalp to a healthy con-
dition. Never shampoo with soap.
The alkali in soap injures the hair,
makes it dull, brittle and streaky.
You can get a cantrox shampoo at
most hairdressers or prepare it at
home at small cost.

R. B. L.: I am sorry you permitted
the clerk to sell you something
else when you asked for delatone.
I know of nothing else so satisfactory
for the removal of superfluous hair
from the forearms and face. If you
insist upon it, your druggist will get
delatone for you if he should not
have it in stock. See that you get
an original one-ounce pack-
age. Mix a little of the delatone
with enough water to make a paste.
Cover the surface from which you
wish to remove the hair with this
paste; let it remain two or three
minutes; then wipe off the paste and
wash the skin with warm water.
The first application will remove the
hair, but it may return again light
and thin. Apply the delatone two
or three times and you will be rid
of the unsightly hair for good.

R. S. L.: External applications
will not rid you of pimples and
blotches caused by deranged diges-
tion, bad blood or inactive liver.
Try this old-fashioned home-made
tonic: Dissolve one-half cup sugar
and one ounce karene in one-half
pint alcohol; then add enough boil-
ing water to make a full quart.
Take a tablespoonful before each
meal and it will tone up your whole
system, restore your lost appetite and
give you energy and a will to work.
This tonic will clear up a sallow
complexion and purify the blood as
nothing else will.

GOOSE GIRL

"I have an idea," said the chan-
cellor. "A great many letters reach
me from day to day. I have an ex-
cellent memory. Who knows but
that I might be the true conspirator,
the arch-blotter? Leave them with me,
your Highness."

"I shall not ask you to be careful
with them, Herbeck."

"I shall treasure them as my
life."
The duke departed, stirred as he
had not been since the restoration of
the princess. Herbeck sometimes
irritated him, for he was never in
the wrong, he was never impatient,
he was never hasty, he never had to
go over a thing twice. This super-
natural insight, which overlooked all
things but results, set the duke won-
dering if Herbeck was truly all hu-
man. If only he could catch him at
fault once in a while!

Count von Herbeck remained at
his desk, his face as inscrutable as
ever, his eyes without expression,
and his lips expressing nothing. He
smoothed out a sheet of paper, af-
fixed the state seal, and in a flow-
ing hand wrote a diplomatic note,
considering the proposal of his royal
highness, the prince regent of Ju-
gendheit, on behalf of his nephew,
the king. This he placed in the
diplomatic pouch, called for a courier,
and despatched him at once for the
frontier.

The duke sought his daughter.
She was in the music-room, sur-
rounded by several of her young
women companions, each holding
some musical instrument in her
hands. Hildegarde was singing. The
duke paused, shutting his eyes and
striving to recall the voice of the
mother. When the voice died away
and the young women leaned back
in their chairs to rest, the duke ap-
proached. Upon seeing him all rose.
With a smile he dismissed them.

"My child," he began, taking Hil-
degarde's hand and drawing her to-
ward a window-seat, "the king of
Jugendheit asks for your hand."
"Mine, father?"
"Even so."

"Then I am to marry the king of
Jugendheit?" There was little joy in
her voice.

"Ah, we have not gone so far as
that. The king, through his uncle,
has simply made a proposal. How
would you regard it, knowing what
you do of the past, the years that
you lived in comparative penury,
amid hardships, unknown, and al-
most without name?"

"It is for you to decide, father.
Whatever your decision is, I shall
abide by it."

"It is a hard lesson we have to
learn, my child. We can not always
marry where we love; diplomacy
and politics make other plans. But
fortunately for you you love no one
yet."

He put his hand under her
chin and searched the depths of her
gray eyes. These eyes were more

fix it. As he turned the old gentle-
man, a gruff, stout fellow, said:
"Young man, do you know what
time it is?"

The bashful youth got off the chair
nervously. "Yes, sir," he replied. "I
was just going."

He went into the hall without any
delay and took his hat and coat. The
girl's father followed him. As the
caller reached for the door knob the
gentleman again asked him if he
knew what time it was.

"Yes, sir," was the youth's reply.
"Good night." And he left without
waiting to put his coat on.

After the door had closed the old
gentleman turned to the girl.

"What's the matter with that fel-
low?" he asked. "My watch ran down
this afternoon, and I wanted him to
tell me the time so that I could set
it."—Denver Post.

His Sacrifice
The bankrupt rolled up in his mo-
tor to a meeting of his creditors.
"Gentlemen," he began, giving them
a condescending nod all around,
"these debts of mine shall be paid
though I suffer for it." They mur-
mured their thanks. "I have arrang-
ed," he went on, "to give you my en-
tire income pro rata (cheers), with
the exception (cheers), fainter, of
10,000 pounds a year (no cheers),
which is the least a gentleman could

An Editor's Refusal

wife, "that you'd try not to be so
absentminded when we are dining

"Why, when the hostess asked you
if you'd have some more pudding,
you replied that owing to the tremen-
dous pressure on your space you
were compelled to decline."—Lon-
don Tit-Bits.

Getting His Straight
"I wouldn't make a confidante of
May," said the conceited fellow,
with a self-satisfied smirk. "She
told me you said you were crazy
to marry me. Of course, she's no
friend if—"

Greatest Medicine of the Age

Mr. Walter Clark of Bluefield,
W. Va., was laid up with lung
trouble, unable to work for
two months. He tried num-
erous medicines without
results until he took Duffy's
Pure Malt Whiskey. It com-
pletely cured him and now
he is in perfect health.

"Having been afflicted with a seri-
ous case of lung trouble and used
many remedies without result—in
fact, I was unable to do any work
whatever for two months—Duffy's
Pure Malt Whiskey was recom-
mended, and I commenced taking
the same. I desire to state that I am
entirely cured, having been pro-
nounced so by my physician."

"This testimonial is conscientious-
ly given and without any solicitation whatsoever. I consider this
the greatest medicine of the present age."—Walter Clark, Bluefield,

inent grocers of Bluefield.

Duffy's Pure Malt Whiskey

is a wonderful remedy in the treatment and cure of all diseases of
the lungs, throat and stomach and for all weakening and wasting
conditions. It is an absolutely pure, gentle and invigorating stimu-
lant and tonic. When taken at mealtime it stimulates the mucous
surfaces and little glands of the stomach to a healthy action, thereby
improving the digestion and assimilation of the food and giving to
the system its full proportion of nourishment. This action upon
the digestive process is of great importance, as it brings to all the
tissues and organs of the body the nutrient necessary to their
sustenance and indirectly to the whole system strength and vigor.
It is prescribed by doctors and is recognized as a family medicine
everywhere.

If in need of advice write Medical Department, The Duffy Malt
Whiskey Company, Rochester, New York, stating your case fully.
Our doctors will send you advice free, together with a valuable il-
lustrated medical booklet, containing rare common sense rules for

like her mother's than anything else
about her. "The king is young,
handsome, they say, and rich. Polit-
ically speaking, it would be a great
match."

"I am in your hands. You know
what is best."

The duke was poignantly disap-
pointed. Why did she not refuse
outright, indignantly, contemptu-
ously, become one of the House of
Ehrenstein? Anything rather than
this complacency.

"What is he like?" disengaging
his hand and turning her face to-
ward the window.

"That no one seems to know. He
has been to his capital but twice in
ten years, which doubtless pleased
his uncle, who loves power for his
own sake. The young king has been
in Paris most of the time. That's
the way they educate kings these
days. They teach them all the vices
and make virtue an accident. Your
father loves you, and if you are in-
clined toward his majesty, if it is in
your heart to become a queen, I shall
not let my prejudices stand in the
way."

She caught up his hand with a
strange passion and kissed it.

"Father, I do not want to marry
any one," wistfully. "But a queen!"
she added thoughtfully.

"It is only a sound, my dear; do
not let it delude you. Herbeck ad-
vises this alliance, and while I real-
ize this alliance, and while I real-
ize that his judgment is right, my
whole soul revolts against it. But
all depends upon you."

"Would it benefit the people?
Would it be for the good of the
state?"

Here was reason. "Yes; my ob-
jections are merely personal," said
the duke.

"For the good of my country,
which I love, I am ready to make
any sacrifice. I shall think it over."
"Very well; but weigh the matter
carefully. There is never any re-
tracing a step of this kind." He stood
up, his heart heavy. Saying no more
he moved toward the door.

She gazed after him, and sudden-
ly and silently she stretched out her
arms, her eyes and face and lips
yearning with love. Curiously
enough, the duke happened to turn.
He was at her side in a moment,
holding her firm in his embrace.

"You are all I have, girl!" with a
bit of break in his voice.

"My father!" She stroked his
cheek.

COMPLETE NEWS OF THE NORTH SIDE TODAY

S.S.S. PURELY VEGETABLE

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures.

In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into teas, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.

Among the very best of these vegetable preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is absolutely a safe medicine for any one to use.

While purifying the blood this great vegetable remedy builds up and strengthens every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, Contagious Blood Poison, hereditary taints, and all other diseases and disorders caused by impure or polluted blood.

As a tonic S. S. S. is unequalled. It invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the digestive system. If you are suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Wausau Trims Eau Claire.

EAU CLAIRE, Wis., June 2.—Lusty clouting in the first gave the Lumberjacks enough runs to win the second game of the Wausau series. Eau Claire being unable to overcome the lead. After two runs had been scored on a hit batsman and two singles by Cahill and Johnson, Nicholson was jerked in the first, and Malone sent to the mound. Johnson, first batsman, tripled and scored two more. Cahill's single and Bond's double in the third gave Wausau another. Eau Claire scored three runs in the third on hits by Schoonhoven, Breyette, Callahan's walk and Carter's triple. After the third inning Scheffer was tight in pinches. Score:

DECIDE TO HOLD N. S. CARNIVAL

Committee Meets Last Evening with Advance Agent and will Seek Permit from Council

The carnival committee of the North Side Amusement association met last night at the residence of Henry Baum with the advance agent, R. C. LeBurno, of the Cosmopolitan Carnival company and decided that they would hold the usual attraction if the permit could be secured from the common council. It is anticipated that there will be no objection to granting this permit, the preliminary steps being taken this afternoon and the permit will undoubtedly be granted at the meeting of the council Friday, June 11.

Mr. LeBurno of St. Louis, who was present at the meeting to represent the interest of the carnival company explained the show to the entire satisfaction of the committee and they feel that they have booked a meritorious company for the north side. The tentative dates for the carnival will be the week beginning July 4. The business men on the north side are all in favor of the carnival as in the past years, knowing that the affair brings trade to them and also serves as an advertising medium. They are supporting it with vigor.

Feet So Sore Couldn't Walk Down Stairs--

TIZ Cured Her Quick

If you have sore feet, tired feet, sweaty feet, lame feet, tender feet, smelly feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time. She had not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luth Dodge & Co., Dept. 489 Dodge Bldg., Chicago, Ill.

BLITZ and BLATZ

Blitz—Du meine zeit, this was a fine day, and yet I feel tired, lazy, played out, and no appetite. Blatz, what can the matter be, will I die soon?

Blatz—Ha, ha, you got spring fever. You need a tonic. I the other day had the same attacking. Drug-gist Beyschlag, 503 Main street, recommended me a \$1.00 bottle of Kalamazoo Celery Tonic. Ach, such a medicine! The one bottle returned me all the lost ambitiousness, vigor and activity. I've got now an appetite like a lion, and feel like a prize fighter.

Blitz—You rub it on?
Blatz—No, you take it in. A tablespoonful four times a day.
Blitz—Say Blatz, I want a bottle of that. I want it quick. I'm going to get it now. Come on!
Blatz—All right. But I'm hungry again. Let's stop at Schrank's cafe for a fine lunch, on our way.

FRANK WOLF SHOT IN CALF OF LEG

Patrolman Is Accidentally
Injured by the Dis-
charge of His
Revolver

Patrolman Frank Wolf is at St. Francis hospital, suffering from a wound caused by the accidental discharge of his revolver. The injury, however, is not considered serious and reports from the hospital are that he is resting easily today.

The accident occurred about 3 o'clock this morning in the vicinity of the Pearl street Burlington depot. It is thought that the officer accidentally struck his revolver, which he carried in his hip pocket, with his leg, causing a discharge, the bullet taking effect in the calf of the leg. The officer, realizing that he had been injured, secured a bicycle and rode to central police station where Dr. Egan attended him. Later he was removed to the hospital and at 7 o'clock this morning the bullet was located with an X-ray. Although the officer lost considerable blood and was very weak when he reached the hospital, his condition is not considered serious, the injury being a mere flesh wound, according to the statement given out at the police station.

CONOVER "HIKES" FROM MADISON

President of Board of Con-
trol and Architect Are
Coming Here
Afoot

President A. D. Conover of the Wisconsin state board of control, and Architect Howland Russell of Milwaukee are on the last leg of a 150-mile walking trip to various county and state institutions in the western part of the state. Leaving Madison last Saturday they "hiked" to Prairie du Sac on the Wisconsin river, thence to Baraboo, Richland Center, Viroqua, Sparta, West Salem and La Crosse, from which city the return trip will be made by train.

President Conover is a graduate of the University of Wisconsin, 1874, and has been professor of civil engineering in that institution, as well as consulting engineer for the Wisconsin railroad commission. He is an architect by profession.

Architect Russell won fame in his younger days as a hiker of endurance through European highways.

MOORE-BURKE

Miss Mildred Moore and Julius Burke were married Saturday evening at the home of the bride's parents, Mr. and Mrs. Abel Moore in Onalaska. It was a pretty and quiet wedding, only relatives and a few personal friends being present. Rev. Stevens, pastor of the M. E. church, performed the ceremony. The bride and groom entered the room to the strains of the Mendelssohn wedding march played by Mrs. Orlando Hegge. After the ceremony the guests and bridal party sat down to a delicious wedding supper. The bride wore a handsome suit of white serge, which was also her going away gown. Mrs. Moore wore a toilette of black and white silk tissue with lace trimmings. Mrs. Burke, mother of the groom, wore black satin. The rooms were decorated with flowers, ferns and smilax. The bridal table was in white and green. Suspended from the chandelier were streamers of broad white satin ribbon, festoons and ferns. The hostess was assisted by Mrs. Millbright and Mrs. Aldrich. Those present were Mrs. Burke, mother of the groom, the Misses Luella and Lillian Burke, sisters, and Messrs. Albert and William Burke, Mrs. Celia Moore, Mrs. Evans, Mr. and Mrs. Soult, Mrs. Hartley Rand, Mr. and Mrs. Millbright, Mr. and Mrs. Aldrich, Mr. and Mrs. Able Moore, Messrs. Sidney and Byron Moore, Mr. Harvey, Miss Nellie Aiken, Mr. and Mrs. Orlando Hegge, and Dr. and Mrs. E. A. Gatterdam Paul Gatterdam and Maurita Aldrich attended the door. Mr. and Mrs. Burke went to Winona where they were to spend a few days. They will return at the end of the week and then go to Edmonston, Can., where the groom is in business. They were the recipients of many beautiful and handsome presents from their friends.

Ralph Forbes Gets Away
with Balloon Girl's Foot
Apparel at Majestic
Last Night

"Oh, that naughty man has got my slipper," was the exclamation from Miss Frankie Drew, the balloon girl at the Majestic theater last night which startled the many patrons who filled the house. Many who had been fascinated by the wonderful act, had seen several of the young men in the front rows make futile attempts to get "souvenirs" and were not surprised when Miss Drew exclaimed in an astonished tone of voice that one of them had succeeded. After letting "papa," who was also in the house, know that he would have to get her a pair of new ones, the girl continued her act sailing about the theater and singing her songs. Before many minutes elapsed another startled exclamation came from Miss Drew's lips. "That naughty man has taken the other slipper." The sensational proceedings came after several warnings by the girl to the young men in the "bald head" row that she was not a "Christmas tree." Miss Drew then began to exact sweet revenge on the man, calling him sweet pet names and joking him about his nerve.

After the act had concluded and the lights were again turned on, the people in the audience looked to see who the young man might be. Ralph Forbes, a prominent young man of the city, was caught in the act of concealing the slippers in his coat pocket. "I think that this city has the nicest girls in it of any town I have seen for a long time," said Miss Drew, after the show, when interviewed by a reporter, "but these men are so nervy. Why, when that fellow grabbed my slipper I was so surprised," she added with a gurgling little laugh. "No, let him keep the slippers," she added when asked what she would do about the affair.

MAY OFFER \$50,000
FOR GIRL'S SLAYER

LOUISVILLE, Ky., June 2.—The formal evidence of the method employed by the murderer of little Alma Kellner is expected to be revealed at the inquest, which will be called as soon as certain chemical analysis has been completed, according to official announcement.

A fund of \$50,000 to be used as a reward for the apprehension and conviction of the murderer is being urged.

PEARY TELLS STORY
TO KING GEORGE

LONDON, June 2.—King George today heard the story of Peary's discovery of the north pole from the commander's own lips in a half hour's audience which the king granted the discoverer at Marlborough. The king was greatly interested.

"I hope that Captain Scott will find the south pole," the king told Peary, "so that the Anglo-Saxon race can claim the credit for being the discoverers at both ends of the earth."

CONTRACT DISEASE FROM A SICK CAT

Three Members of Family
Taken Ill with Pneumonia while Caring
for Animal

As a result of taking care of a sick cat, three members of a family named Johnson, residing on State, between Twenty-first and Twenty-second streets, were taken ill with pneumonia and for a while they were in a serious condition, but it is now believed they will recover.

The matter was reported to Human Officer Berry, who with Poor Commissioner Burdick, went to the house and found the father and two small children seriously ill. The cat, after learning that the family had been treating it, was immediately killed, and a doctor was called to care for the family. It is said that the disease was contracted from the cat. The patients are now all on the road to recovery.

PAPER LOSS ON RAIL
STOCKS \$123,670,367

NEW YORK, June 2.—While many reports were current of trouble in some of the big stock exchange houses which make a specialty of speculative accounts, none of them was confirmed, and the general impression when market opened today was that the worst was over and a gradual recovery might be looked for.

It was anticipated, however, that the railroads, especially the big western aggregations, would be under more or less pressure for some time to come and the bankers interested in them were prepared to support the stocks should they show evidences of dropping below the danger mark. The paper loss of yesterday totaled \$123,670,367 in 21 leading railroad stocks and United States Steel. Stock exchange houses which make a specialty of margin customers kept a large force of men on duty all night figuring out where they were on the market and imperative calls for additional margins were sent out when the market opened. There is bitter resentment in Wall street over what is termed the "double-crossing" by Washington experts. The persons in the capital who had a "tip" that the attorney general was going to attack the railroads in the courts kept their own counsel and it was not until nearly all of the big houses had been loaded up with selling orders that the street "smelled a mouse."

"BAT'S" OPINION OF
PRESIDENT TAFT

WASHINGTON, D. C., June 2.—Bat Nelson called on President Taft and decided that the executive would make a poor showing as a prize fighter.

"The president is sure in the heavyweight class all right," said Nelson, "but after looking the statesman over, I think that little Uncle Joe Cannon, even though he is a lightweight, would put it over any of them in a fight. The president carries too much weight."

KENTUCKY RACER

EPSOM, England, June 2.—The race for the coronation cup worth \$5,000 was won today by L. Winan's Sir Martin, with J. Lowry's Bachelor's Double second, and W. Raphael's Louvers third. The race was over the famous derby course.

Sir Martin is a Kentucky bred four year old and was sold to Winans by John E. Madden for \$20,000.

ACTOR WEDS GIRL HE
LOVES IN THE PLAY

CHICAGO, June 2.—Wm. Norris, star of the "Cinderella Girl," which has been playing for some time at a local theater, and diminutive Mabel Mordant, who enacts the "girl," were married at St. James Episcopal church. In the play Norris falls in love with the "Cinderella Girl" and marries here, just as it happened in real life. Miss Mordant lives in Springfield, Ill.

VISIT PLOW WORKS
THIS AFTERNOON

The board of trade committees on finance, manufacturing and publicity is visiting the plant of the La Crosse Plow company this afternoon. Three More Arrests Made
in Child Labor Law
Cases in La
Crosse

Warrants were issued today for three more citizens on complaint of Deputy Factory Inspector Ira L. Lockney, on the charge of violating the provisions of the child labor law. The warrants are issued against John McWilliams, manager of the Bijou theater, charged with employing Raymond Huebner, aged 15 years; Harry Burford, manager of the Lyric theater, charged with employing Marcella Stangl, aged 15; and John Studier of the Wisconsin Pearl Button company, charged with employing Ella Herold, aged 15, without first being provided with a permit and having it on file.

This afternoon John McWilliams and Harry Burford were arraigned before Judge Brindley and each was fined \$25 and costs, or \$28.94. W. R. Montague of the La Crosse Cracker & Candy company was also arraigned on the charge of violating the provisions of the child labor law and he also paid a like fine.

Rochester to Toronto
ROCHESTER, N. Y., June 2.—In an aeroplane of his own construction for which he entertains the highest hopes Dr. Wm. Green, a Rochester aviator, will attempt on or about June 21 to fly from this city across Lake Ontario to Toronto. The distance is 86 miles and Dr. Green believes he will have to make the flight at an altitude of about 1,500 feet to escape the dangerous cross currents. Motor boats will attempt to follow the aeroplane.

SAYS JOHNSON IS PAID TO LAY DOWN

(Continued from Page One.)

Jeffries and Johnson will make more money out of the credulous fools of the country.

"There was no chance to get Jeffries back into the ring until he was assured that he would win. Jeffries does not need any money and while he may be patriotic and willing to bear the white man's burden, there were too many chances for him. He had too much to lose in prestige and nothing to gain. Johnson, on the other hand, has little to lose and a prospect of getting a lot of money. If he makes a good showing against the unbeaten champion it will be a great honor in itself.

Lead Pipe Cinch
"Suppose the whole affair were not a frame up. What chance has Johnson to get away with a victory? None at all. He would knock him self out if he had to to avoid winning. This Jeffries-Johnson fight is what race touts call a 'lead pipe cinch.' It will no doubt be a fine sparring exhibition as that is needed for the motion pictures, but when the time comes, Johnson will lose. 'I would like to interfere if I could. If I had the power I'd quickly stop the fake, but all kinds of frauds are permitted by law and nobody can stop them. Foot races and prize fights are two of the worst of the frauds. The only thing that will justify my interference would be a riot and I don't think that will occur."

Gleason Calls it Absurd
SAN FRANCISCO, Cal., June 2.—When shown the Gillette statement Jack Gleason, one of the promoters of the fight, he said: "I don't believe Gov. Gillette made the statements accredited to him. He recently stated that he knew nothing about boxing, had never witnessed a boxing match and was not interested. The statement accredited to him that Johnson would not dare to win is preposterous. Johnson licked Tommy Burns in Australia and it is absurd to say that he would not have the nerve to try to duplicate the feat here. I have never in my career been connected with a fake fight and it is impossible for fighters to pull off a fake without the knowledge of the promoters. Jeff would rather lose his right arm than fake and Johnson would rather win this fight than have a billion dollars. I repeat that I don't believe Gillette ever said those things."

Will "Lick 10,000"
Jack Johnson said he did not believe Gillette ever made the statements accredited to him. "I will win on July 4 if I am compelled to whip ten thousand white men around the ring," he said. "This fight will be on the level and the moving pictures will prove my statement. But even if there were something crooked about it, how in the world could Gov. Gillette learn anything about it?"

Col. Roosevelt certainly led the Frenchmen a merry chase. Go to the Bijou and see how they ran to keep up with him.

MORE POLICEMEN
NEEDED ON FORCE

At the regular meeting of the board of police and fire commission last evening it was decided to hold an examination in the near future for applicants for members of the police department. At the present time several vacancies exist on the force, caused by the resignation of Paul Hefti and other officers and the eligible list is not sufficient to fill the appointments. Secretary L. C. Colman said today that the date of the examination had not been decided.

AMENDMENTS TO RAILROAD BILL

La Follette Promises Senator Sutherland He will Be Able to Defend His Own Record

WASHINGTON, D. C., June 2.—In an effort to hasten action on the senate railroad bill regular leaders this afternoon began to accept amendments of minor importance or permit their adoption without roll call. This action, however, has aroused the suspicion of non-regulars that things are not what they seem.

The Overman substitute was adopted providing that no restraining order should be issued to set aside the order of any public utilities commission without notice to the governor of the state. Overman's amendment provided that no interlocutory decree should be issued restraining a state official, unless passed upon by three judges, a majority being required to concur, and five days as the minimum time to be given for a hearing to the interested parties. As amended by Overman's substitute the Crawford amendment practically applies the administration's anti-injunction provision to the railroad bill.

Another amendment by Burton was adopted. It instructs the interstate commerce commission to investigate and report on application of uniform classification.

Two amendments by La Follette were adopted. One provides that the railroads shall designate an agent in the city of Washington upon whom notice may be served. The other provides that every six months the interstate commerce commission must analyze classifications on the leading staples and make a report thereon. La Follette also proposed that when suit is filed by a shipper to determine the reasonableness of rate, the shipper be given the same opportunity to appear before the new court as is given the railroads.

Can Defend Record
Some senators, he said, seemed to have the impression that the new court was exclusively for the railroads. Senator Sutherland thought this remark was intended for him and warmly resented it. La Follette said he based his judgment on Sutherland's record.

"The senator may have to defend his own record," said Sutherland. "I have done so many times," replied La Follette, "and will be able to do so in the future."

The La Follette amendment was rejected, 29 to 33. The progressives and democrats voted for it and the regulars against it. Senator Perkins (R., Cal.) also voted for the amendment.

BIG ATTENDANCE
AT MOTOR PICNIC

Chairman O. J. Munz of the cutting committee of the La Crosse Motorboat club announces today that there will be a monster crowd of motorboat owners out Sunday for the big stag outing to be held at Eagle bluff. The boats will all assemble at the levee and promptly at 9 o'clock officers of the club will lead the procession to the scene of the festivities. Lee Bell, fleet captain, will pilot the procession, as he is familiar with the narrow channels in the vicinity of the bluff where it is desired to land. It is expected there will be at least a hundred boats, large and small, out and a fine showing will be made. A program of music and sports has been arranged and dinner and evening lunch will be served by John Neukomm, the famed German chef who is employed when something especially fine is desired.

The club has taken in a large number of new members, and it is expected many more will join the organization at the time of the outing. Among the features of the program will be speeches by Attorney James Thompson and Commodore John C. Toeller.

MILL STRIKERS
TO MEET TONIGHT

The Listman mill is still closed but indications are that a settlement in the pending strike will soon be reached. A committee, representing the strikers, held a conference with Manager Heath this morning, when matters were talked over and the proposition of the company, as first announced, was again put to the committee, which announced that while it was satisfactory to some of the employees, no definite answer could be given until after a meeting to be held this evening.

Pure Beer
is a Home Drink

Keep a case of "Elfenbrau" in the house. Drink some as often as you would drink coffee or tea. It is good for you.

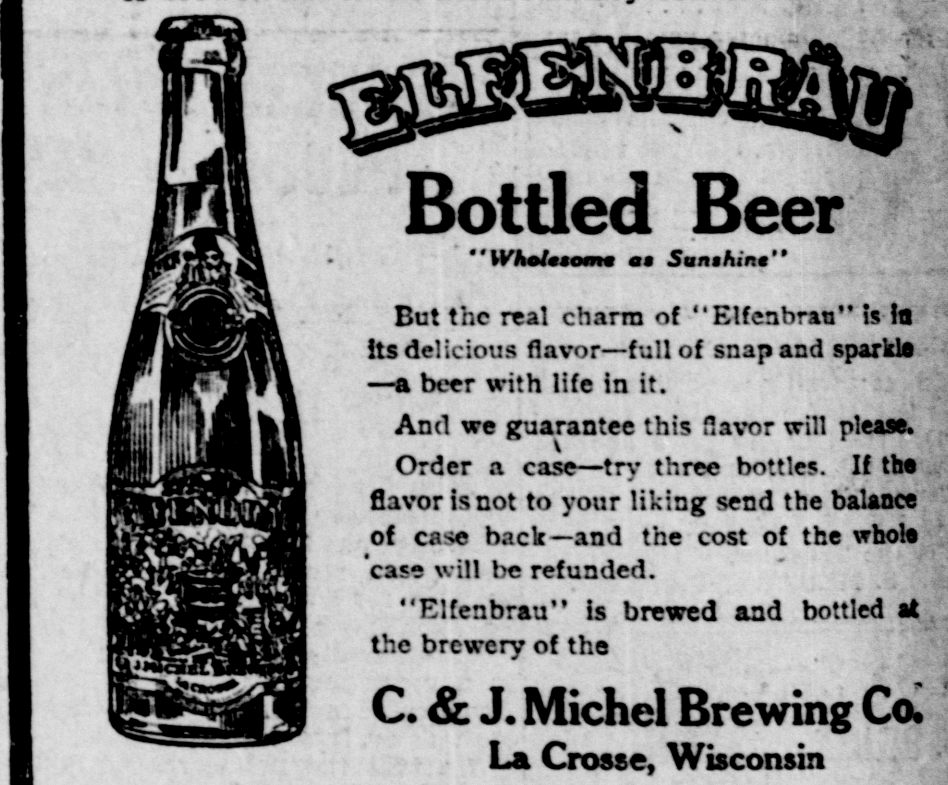

Family doctors prescribe pure beer for their patients as a tonic. But they insist on pure beer.

And pure beer not only means that which is brewed from the purest materials—the pure food law provides for that—

But pure beer as the family doctor sees it is beer brewed in a spotlessly clean brewery—where everything that comes in contact with it is sterilized.

Such a beer is "Elfenbrau."

From the mash-tun to the bottles—"Elfenbrau" is brewed under the most sanitary conditions.

But the real charm of "Elfenbrau" is in its delicious flavor—full of snap and sparkle—a beer with life in it.

And we guarantee this flavor will please. Order a case—try three bottles. If the flavor is not to your liking send the balance of case back—and the cost of the whole case will be refunded.

"Elfenbrau" is brewed and bottled at the brewery of the

Foulard Silks

2 dozen Buttons
2 spools Silk Thread
1 bunch Binding
1 pair Dress Shields
2 dozen Hooks and Eyes
2 yards Percale

All For
\$7.98

It has been our custom once during each season to offer the women of La Crosse a chance to buy a

Silk Dress Pattern and Entire Findings For About 1/2 Price

We offer you choice of 50 pieces of Cheney Bros. Foulards in plain colors, including plenty of navys, also the very latest two-toned effects in combinations of diagonal and self-colored coin spots. These silks we sell at \$1.00 per yard, but know of no one else who sells them at under \$1.25. If you are contemplating the purchase of a silk dress, it will cost you nothing to look them over—and we are sure you'll go away with a pattern well pleased.

The Sale is for Friday and Saturday Only.

This is no scheme to dispose of undesirable silks. On the contrary, we offer you choice of the most wanted of the season's silks in the newest patterns.

GOTCH DEFEATS POLISH CHAMP

Iowa Farmer Gets First Fall in 6 and 2-5 Seconds, and the Second in 27 Minutes 36 Seconds

CHAMPION WILL NOW RETIRE

Frank will Assist in Training Jeffries, After which He will Lead the Simple Farm Life

CHICAGO, June 2.—Frank Gotch is staunch to his statement today that he is through with the wrestling game. After easily defeating his challenger, Stanislaus Zyzsko, the Polish giant, in two straight falls before 8,000 mat fans at the Coliseum last night, which wins him \$23,000 of a purse of \$25,000 and retains the world's championship, the Iowa wrestler declared that he was through with wrestling for good and all. After assisting Jim Jeffries train for his fight with "Jack" Johnson at Rorwardennan, Gotch declared he would hike to the old Iowa farm and lead a retired life.

Zyzsko, will go back to his native land, Poland, as fast as an ocean liner will carry him. He is also through with the wrestling game in the United States, for a time at least. He admits Gotch's superiority.

Gotch out-generated his opponent and evidenced himself master at every turn. The bout was called at 10:11 p. m. and just six and two fifths seconds later Gotch was awarded the first fall, having pinned the Pole's shoulders to the mat with a bar arm and half Nelson hold.

The second fall was gained by Gotch after a battle of 27 minutes and 36 seconds, being accomplished with a bar arm and wrist lock. Zyzsko protested the first fall was gained by strategy on the part of the champion, declaring that when he attempted to shake hands Gotch took advantage and gained the hold which made such short work. This protest was not allowed.

Gotch made this statement today: "I won and now I am through with the wrestling game. I am 33 years old and it will be the simple life for me in the future. A good many wrestlers have waited too long and have been beaten. I am going to avoid that. The first fall with Zyzsko came as I had planned it. The second was hard—in fact as tough a bout as I have ever been in. I will leave for the coast and see if I can help Jeffries out, and then a long rest is coming to me."

Zyzsko said: "It was no disgrace to be beaten by a man like Gotch. He is a cyclone. I had hoped to defeat the champion and take the title back to Europe with me. Now I am going to hike as fast as the boat will carry me. It is true that I was not set for the first bout and had at least expected to shake hands with my opponent. I was slightly hurt in the second bout, which partly accounts for my defeat. Me for Poland. I make no protest now."

Zyzsko got only about \$2,000 for his defeat. Gotch has the lion share of the moving pictures.

JERRY HARMS AT AURORA

RACINE, Wis., June 2.—Jerry Harms, formerly catcher with the La Crosse club was yesterday traded to Aurora for Pitcher Jacobson, who was with Peepert last year but failed to report this year when Aurora secured the franchise. It is rumored that Patcher Duke Flynn, also an old La Crosse player, will go to Aurora.

SPARTA GAME TO BE FAST CONTEST

The baseball game to be played between the Sparta and La Crosse high school teams next Saturday at League Park, promises to be one of the fastest contests played here for a long time. From all reports, the Spartans are in fine condition, and will come here intent on evening up the series, as the locals have won the only game played between the two institutions. La Crosse is playing the fastest game they have played so far this season, decisively beating the second team every day, many of them being shutouts. Sparta has also won some good games, beating the normal last Saturday by the score of 3 to 0. These two nines are almost evenly matched, and a good game is bound to ensue, as there is a lot of rivalry between the two schools and the contests are always hotly contested. La Crosse will line up the same as in other games this year, except that Shaw will be behind the bat. Ray or Hundredmark will do the twirling.

ST. LOUIS-KANSAS CITY PURSE NEXT

ST. LOUIS, Mo., June 2.—A movement has been started here by John H. Curran, chief commissioner of immigration of Missouri, toward offering a purse for an airplane flight from St. Louis to Kansas City was taken up by the St. Louis Star and \$1,000 donated as a purse for such a flight. Commissioner Curran added \$100 and George Hadley contributed a like sum. The distance from St. Louis to Kansas City is 285 miles more than twice as far as the flight made by Curtiss from Albany to New York. It is believed five stars should be allowed for the flight, probably at the cities of Washington, Hannibal, Jefferson City, Marshall and Pleasant Hill. The flight should be completed within 18 hours.

SOMEONE GOT TIP AND MADE FORTUNE

WASHINGTON, D. C., June 2.—Official Washington is deeply interested in an effort to find out who did the "killing" in Wall street on Tuesday that must have been based on advance information of the government's intention to enjoin the railroads from increasing rates. Attorney General Wickersham he guarded carefully the intentions of the department of justice, but the intention must have become known to some one, because selling orders were wired from Washington to New York early in the day, and big profits were taken when the news became public. Wickersham after a talk with President Taft at the White house at 1 o'clock in the morning said that he would be unable to make any announcement before "tomorrow." The White house was equally reticent. Although every official source of

information refused to publicly discuss the attitude of the government until 1 o'clock, Wall street was flooded with orders from Washington from the time the exchange opened. "Somebody" knew and there are many who would like to know who that "somebody" was.

MISSOURIAN SHOTS AT FLYING MACHINE

JOPLIN, Mo., June 2.—Charles Willard's life was endangered when an unknown man took several pot shots at him with a rifle while he was making a cross country flight. One bullet splintered the propeller of his Curtiss aeroplane but the aviator made a safe landing. J. C. Mars, who was also making flights, sailed to Willard's assistance, a new propeller was put in place and the two flew back to Joplin.

MAYOR REFUSES TO COLLECT EVIDENCE

CLEVELAND, O., June 2.—The trial of Chief of Police Fred Kohler charged with drunkenness, misconduct and immorality, was resumed this afternoon before the civil service commission. Interest in the case was heightened by the refusal of Mayor Baehr and acting Chief Schumuk to comply with the request of counsel for the prosecution that policemen be assigned to discover and bring evidence against Kohler before the commission.

The charges of immorality and the accusation that Chief Kohler attempted to aid a woman of the tenderloin to sell her property to another woman through a system of coercion are expected to come up late this afternoon.

INSURGENTS TO GREET ROOSEVELT

WASHINGTON, D. C., June 2.—The house insurgents will go to New York in a body to meet Col. Roosevelt, if plans being formulated today by Representative Cary of Wisconsin succeed. He believes that unless the house itself appoints a committee to greet the former president, the insurgents should be at the dock when he arrives.

CHARRED FOOT OF GIRL IS FOUND

LOUISVILLE, Ky., June 2.—The discoveries made at St. Johns church today include the charred right foot of Alma Kellner, a portion of the stocking and two women's handkerchiefs. All were found in the ashes near the furnace. A blood stained child's undershirt and a piece of stocking supporter, such as Alma wore, were found under the steps leading to the belfry.

It was learned today that quick lime had been purchased from a store in the neighborhood and delivered to St. Johns church just before Christmas.

No clue to Wendling has been discovered.

Wendling Seen Jan. 14
Mrs. Wendling denied she knows anything about the quick lime.

Mrs. Kellner is in a critical condition. She has never been told the details of the murder and does not know that her child was so horribly mutilated.

Wendling was seen about Louisville several times after Jan. 1. The Louisville National Banking company records show he drew \$100 Jan. 14.

CHURCH PEOPLE MAY TRY TO STOP FIGHT

SAN FRANCISCO, Cal., June 2.—That an attempt may be made by the church federation to stop the Jeffries-Johnson fight after it has started on July 4, was the announcement today of Attorney J. E. White representing the federation.
